RUSSIAN PHARMALICENSING GROUP offers consulting services on the state registration of product in the territory of Customs Union countries

October 6, 2014, Moscow. RUSSIAN PHARMALICENSING GROUP (RPhG) brings to the attention of its customers and partners that upon accession of the Republic of Kyrgyzstan to the Customs Union within the Eurasian Economic Union (EEU) Treaty, mutual recognition of certificates of state registration of dietary supplements, repellents, disinfectants, special cosmetic products, water intended for feeding infants of various ages and other controlled goods previously registered in the Customs Union will be implemented in the territory of the Republic.

It should be recalled that according to the Treaty establishing the Eurasian Economic Union (EEU) signed in Astana on May 29, 2014, the Russian Federation, the Republics of Belarus and Kazakhstan undertake to guarantee the free movement of goods, services, capital and labor within the borders of the three countries. The Treaty shall enter into force on January 1, 2015. The Republics of Kyrgyzstan and Armenia expressed their intention to join the Union. The Kyrgyz government expects to receive all the documents for entry into the Customs Union before January 1, 2015.

Russia is the leading trade and economic partner of the Republic of Kyrgyzstan. In 2013, the volume of bilateral trade increased by 17% compared to 2012 and amounted to \$ 2.14 billion, the share of the Russian Federation in the total foreign trade volume of the Republic exceeded 27%.

Russian Pharmalicensing Group (RPhG) provides its partners and customers services on the procedure of state registration of products (controlled goods) in the territory of the Russian Federation and the Customs Union (CU), which consists of three states: the Russian Federation, the Republic of Belarus and the Republic of Kazakhstan.

RPhG also offers its customers and partners exporting or planning to export these products to the Kyrgyz Republic as from 1 January 2015, consulting services, in order to avoid violations of regulations that confirm safety of products (goods) (“Regulation on the procedure for the Single Form of a document confirming safety of products (goods)”) which is not contrary to the provisions of normative legal acts of the Customs Union.
